

Improving the Hospital Performance in Economic Crisis

EUREGIO III project 3rd Master Class Programme

The third Master Class Programme on Health investments in Structural Funds is based on reliable and robust knowledge.

This is a collaborative effort of the **EUREGIO III project (led by Health ClusterNET)**, the **Instituto de Higiene e Medicina Tropical Universidade Nova de Lisboa**, the **Health Services Management Training Centre, Semmelweis University Budapest (HSMTC)** and the **Hungarian Secretariat of State for Health** to provide high quality learning experience for health sector managers, policy makers and government officials from Europe.

This Master Class programme arises from the project EUREGIO III which has received funding from the European Union, in the framework of the Public Health Programme.

EUREGIO III supports the innovative approach of using Structural Funds for health. The general objective of the project is to identify & share good practice and lessons learned for the **effective use of structural funds** for health & help reduce health inequalities among EU regions. It is a key resource to help Member States, regional & local authorities and actors to develop, apply & implement Structural Funds projects for health gain.

The language of the training is **English**.
